

DFG Collaborative Research Centre SFB 1192

"Immune-mediated glomerular diseases – basic concepts and clinical implications"

Coordinator: Prof. Dr. Ulf Panzer, III. Medical Clinic and Polyclinic, UKE

Funding period: 2020 – 2023

Projects and Principal Investigators

High-dimensional single-cell profiling in immune-mediated glomerular diseases

Prof. Dr. Stefan Bonn, ZMNH Institute of Medical Systems Biology; Prof. Dr. Ulf Panzer and PD Dr. Christian Krebs, III. Medical Clinic and Polyclinic, UKE

Identifying pathways and factors causing primary FSGS

Prof. Dr. Stefan Bonn, ZMNH Institute of Medical Systems Biology; Prof. Dr. Tobias B. Huber, III. Medical Clinic and Polyclinic, UKE
